

C. HERMAN NUGROHO

INDONESIAN CITIZEN | 76 YEARS OLD

Herman Nugroho obtained a Bachelor of Science degree from Universität zu Köln, Germany (1975), and has more than four decades of extensive experience in the manufacturing and petrochemical industries.

He began his professional career in 1975 in the electroplating industry. In 1981, he joined Bandag, a tire retreading industry, as production and later as service engineer covering the South Asian Region. In 1992, he joined PT Trias Sentosa Tbk in the engineering and maintenance department, and later in 1998, he moved to PT. A. Schulman Plastics Indonesia in 1998 as plant and technical engineer.

From 2002 onward he has served PT ALP Petro Industry, a refined based oil and lubricants manufacturer as industrial and technical sales and later in 2019 appointed as the Company's Director to manage the strategic direction, business development, and overall corporate operations.
